

The stylish and compact 125cc urban scooter.

If you're looking for a smooth and efficient way to get about town, few other modes of transport come close to matching the performance of the Cygnus X.

Its compact chassis runs on 12inch wheels that make for nimble handling and easy steering. For responsive performance that keeps you ahead of the traffic, the Cygnus X is powered by a fuel-injected 4-stroke 125cc engine with air-cooling for reduced weight.

A powerful disc front brake and a rear drum brake deliver strong and predictable stopping power – and with its under-seat helmet storage, classy digital/analogue instrumentation and comfortable dual seat, the Cygnus X is the smart way to travel for one or two persons.

- Compact, lightweight scooter ideal for commuting
- Fuel-injected 4-stroke 125cc air-cooled engine
- Agile handling and easy steering
- 12inch wheels and short wheelbase
- Roomy storage with underseat locker and glovebox
- High-performance 216 mm front disc brake

The practical, flexible choice

Our 125cc scooters combine city practicality with the power for longer trips. All models have 4-stroke single cylinder engines that combine performance, refinement and resilience, while disc brakes provide an additional level of security for assured stopping.

And there are a host of features to make longer rides more comfortable; large seats provide ample room for a pillion passenger, and the glove box and under seat storage are great for stowing those weekend-away essentials.

Combined with stylish instrument panels and piercing head and tail lights, and you have a machine that's as at home in the town as it is the country.

Lightweight alloy wheels for stable handling

Running on stylish 5-spoke 12inch wheels and featuring a short wheelbase, the Cygnus X delivers easy handling and good manoeuvrability. And for sure-footed road-holding this stylish 125cc commuter scooter is fitted with a wide front and rear tyre. and absorbent telescopic fork suspension and rear shock.

Under-seat helmet storage

For added convenience and practicality the Cygnus X is equipped with a useful storage space under the comfortable dual seat. Despite the compactness of its wheelbase, the Cygnus X still holds a full-size helmet under the comfortable dual seat and there's a glovebox in the knee-panel.

Easy-to-read instrument console

Featuring an easy-to-read analogue speedometer as well as a compact digital display, the Cygnus X's instrument console is simple, clean, efficient and stylish – just like the scooter itself.

Large-diameter front disc brake

Whether you're riding solo or with a passenger you are sure to appreciate the Cygnus X's advanced front brake design. Featuring a large-diameter 216 mm front disc, backed up by a 150 mm rear drum brake and monoshock suspension Cygnus X riders are going to love this agile scooter's smooth and effective stopping power.

Powerful 65W headlight and integral flashers

Cygnus X's sleek cowl incorporates a large and powerful 65W headlight that projects a brilliant beam for excellent visibility – while large integral front and rear flashers and a stylish rear lamp underline this attractive scooter's fashionable lines.

Luxurious dual seat

Getting around town is so easy on the Cygnus X – and with a luxurious dual seat it's a relaxing way to travel. The contoured shape has been specially designed for comfort on long commutes – and for added convenience there's a passenger grab bar so your passenger can enjoy the ride too.
