

## ***Escape the ordinary.***

With its blend of performance, great handling and classic looks, you'll want to ride the XJ6 Diversion F every day.

Its 600cc liquid-cooled 4-cylinder engine has been designed for great torque for exciting acceleration, while the powerful disc braking setup ensures secure stopping. An ABS version is available too - perfect for wet climates. With lightweight cast wheels, large 41 mm diameter front forks and Monocross rear suspension, the XJ6 Diversion F delivers great handling and secure road-holding.

And for a relaxed ride: adjustable handlebars guarantee a comfortable riding position and full-fairing offers exceptional weather protection.

- 600cc fuel-injected 4-cylinder engine
- Superb handling and easy braking
- Lightweight cast wheels
- Weather-beating full fairing
- Storage that suits you
- Available with ABS

***Yamaha XJ-Series  
motorcycles: real  
riding pleasure.***

Yamaha motorcycles never compromise on quality, and this is reflected in the design and performance of the XJ-Series. When you're comfortable on a motorcycle that's when you have fun, and whether leisure riding or commuting that's what the XJ-Series will mean: real riding pleasure.

Yamaha's Art of Engineering philosophy makes you feel at one with the machine and the XJ-Series' 4-cylinder engine is crucial to this: with a refined engine flow for smooth results whenever you open throttle. This combination of cutting-edge technology and attention to detail is central to the XJ-Series and creates the confidence every rider should experience.

### Power you can handle

Whether commuting or riding for pleasure, the XJ6 Diversion F's responsive fuel-injected 600cc engine has the power for quick starts and safe overtaking. And its smooth-shifting gearbox gives you complete control.

### Great road holding and excellent handling

The reassurance of taking the twists and turns that make for an enjoyable ride comes from knowing you have excellent support underneath you. The XJ6 Diversion F features 41 mm front forks and Monocross rear suspension, as well as lightweight cast wheels to keep unsprung weight low – and to guarantee a smooth ride.

### Enhanced agility

Great torque at low revs is a signal that the XJ6 Diversion F means business – but it's the inclusion of a four-into-one exhaust with midship muffler that contributes to centralise mass, which underlines this bike's enhanced agility. You'll also feel in command, too, courtesy of adjustable handlebars that allow you to dictate the best riding position.

### Full fairing

An aerodynamic full-fairing covering the upper and lower parts of the bike gives the XJ6 Diversion F a head-turning look. It helps to shield the rider from all kinds of weather and keeps the engine and chassis protected.

### Storage that suits you

For added functionality we offer, as a genuine Yamaha accessory, a sturdy rear carrier and a big 46-litre topcase, so you can easily stow away an overnight bag or shopping. An under-seat storage compartment features a U-lock for added security.

### ABS option

Confidence and security comes from the responsiveness of ABS, which helps prevent skidding and brings you to a controlled stop.

ENGINE	
Type	Liquid cooled, 4-stroke, 4 valves, forward-inclined parallel 4-cylinder, DOHC
Displacement	600cc
Bore x stroke	65.5 x 44.5 mm
Compression ratio	12.2 : 1
Max. Power	57.0kW (77.5PS) @ 10,000 rpm
Max. Torque	59.7Nm (6.1kg-m) @ 8,500 rpm
Lubrication system	Wet sump
Fuel supply system	Fuel Injection
Ignition system	TCI
Starter system	Electric
Transmission system	Constant mesh, 6-speed
CHASSIS	
Front suspension	Telescopic fork
Front wheel travel	130 mm
Rear suspension	Swingarm (monocross)
Rear wheel travel	130 mm
Front brake	Dual disc, Ø 298 mm
Rear brake	Single disc, Ø 245 mm
Front tyre	120/70 ZR17M/C (58W)

Rear tyre	160/60 ZR17M/C (69W)
DIMENSIONS	
Overall length	2,120 mm
Overall width	770 mm
Overall height	1,210mm
Seat height	785 mm
Wheelbase	1,440 mm
Min. ground clearance	140 mm
Wet weight (including full oil and fuel tank)	217 kg / ABS: 222 kg
Fuel capacity	17.0 litres
Oil capacity	3.4 litres

### The winning combination

With Yamaha ownership, the excitement doesn't stop with your bike. To complete the picture we highly recommend genuine Yamaha Parts and Accessories.

We've developed a range of high quality, innovative riding gear, clothing and bolt-on accessories designed to offer enhanced performance and protection for you and your Yamaha. And bearing the Yamaha name, you're assured of quality, reliability and winning performance.

Yamalube® is our own range of high-tech lubricants. The lifeblood of Yamaha Engines, they are designed to carry on working effectively, no matter where you ride.
